

Job Title: Flooring Installation Assistant

Reports To: Lead Installers/ Installation Manager

Job Responsibilities:

A well-established and reputable carpet and flooring retailer in Seattle is looking to add installers to its in-house installation team. The right candidate will be someone that is good working with their hands and is very meticulous about making the finished product look just right. We expect you to pay attention to details and always keep customer service in mind. This is a great way to enter an exciting and growing industry and company. Your Career Path could lead towards Lead Installer, Warehouse positions, Installation Manager or Estimator positions.

Specific Duties:

- Work with senior lead installers to efficiently complete flooring installation jobs, including:
 - Removing and disposing of existing flooring
 - Installing new tackstrip
 - Furniture moving
 - Remove and reinstall base boards
 - Assist with sanding hardwood floors
 - Assist with applying hardwood finish and stain
 - Assist with stretching in carpet
 - Assist with installing floating floors
 - Assist with floor leveling
- Assist with Product Delivery and Warehouse Functions
- Workload fluctuates daily. Some days may not require a full day of work, others will require overtime.
- Learn and receive training on installation methods in order to progressively add more responsibility.

Qualifications:

- Hard working, self-motivated and reliable
- Positive Attitude and customer service orientation
- Communicates and works effectively in a diverse work force
- Shows willingness and ability to learn all facets of our flooring installations
- Detail-oriented, patient, and quality-oriented
- Physical ability to lift up to 75 lbs.
- Forklift experience is a plus but not required
